Introduction

Biller is the buy-now-pay-later payment method for online businesses. Biller is designed to optimally serve both the business seller and buyer. With Biller businesses buy now and pay later, with the convenience of a consumer payment. Sellers receive guaranteed payments within 14, 30, 60 etc days with Biller. Biller is part of the Banking Circle Group. As a customer you benefit from the innovation and speed of a startup, combined with the reliability and experience of a market leader.

To offer convenience and speed to the B2B buyer and seller, Biller uses the power of AI. Thanks to innovative technology, the necessary credit check is done in a matter of seconds. This technology increases the acceptance rate and does not exclude sole proprietors. Thus making buy now pay later available to a larger group of potential customers. Therefore, in addition to convenience, Biller also ensures more turnover and growth.

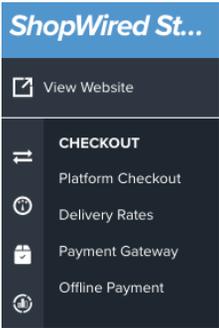

Technical Specifications

Biller can be enabled directly from the Shopwired admin panel. The credentials required to activate Biller will be supplied by the Biller team. To sign up and receive your Biller credentials please use the following [link](#).

Enable Biller on Shopwired

Biller is available to all Sellers directly on Shopwired. To enable Biller please navigate to the **Other Payment Gateways** section via the Shopwired Admin Panel.

Checkout > Payment Gateway

1. Credentials

Here you will be able to select Biller from the **Payment Gateway** dropdown. Once done you simply need to select the appropriate environment (**Live** or **Sandbox**) and enter the credentials as provided by Biller (**Username**, **Password** and **Webshop ID**). To complete please click **save changes**.

Other Payment Gateways

If you have a payment gateway other than PayPal that you'd like to integrate on your website, select the gateway from the drop down box, click the add button and then enter your details.

2. Biller Checkout Options

The next step is to make sure the visual settings are correct. Please navigate to the Payment Gateways - Biller section as follows

Checkout > Payment Checkout > (Select Payment Gateways Biller)

Payment Gateways - Biller

These settings control under what circumstances this payment gateway will be available, its descriptive name and what card logos display.

Payment gateway display name (e.g. Stripe or Credit/Debit Card)

Biller - Buy Now, Pay Later for B2B - 30 days

Minimum order value

£

Maximum order value

£

Who should have access to this payment gateway?

Regular visitors (i.e. visitors not logged into an account)

Registered customers

From here please make sure the following are set

Payment gateways display name:

This should be set to the correct configuration you have with Biller. Examples below

- 'Biller - Buy Now, Pay Later for B2B - 14/30/60 days'
- 'Biller - Buy Now, Pay Later for B2B - interest free'

Minimum and Maximum order amount

You can control what the order thresholds should be to offer Biller. If you wish to enable Biller for the maximum order amount we can provide please leave these fields blank.

Regular visitors and Registered customers

To offer Biller to all your customers make sure that both options are ticked.

3. Company Name

Because Biller is for Business to Business use, you do need to make sure your Shopwired makes the Company name mandatory.

Checkout > Platform Checkout > (Select Form Fields)

From here please make sure that the "Should company name field be required?" Is set to Yes.

Form Fields

Select the different fields you'd like on the shipping and billing address forms.

Display a company name field?
 Yes No

Should the company name field be required?
 Yes No

Display a phone number field?
 Yes No

Should the phone number field be required?

Order management

All orders purchased using Biller can be managed via the Shopwired backend Order Management System functionality.

1. Capture

Capture signifies to Biller that the order has been shipped and this in turn charges the buyer's Biller account. This action will trigger payment to the Seller, on the agreed settlement period.

To perform a capture you follow the steps below.

Orders > View Orders > (View button)

Search Your Orders		Filter Your Orders		Order State				
Search by customer name, email address, postcode or reference		Enter a SKU, product name or brand		Unarchived				
Existing Orders				More Filters				
<input type="checkbox"/>	ID ^v	Date ^v	Customer Name ^v	Status ^v	Total ^v	Archive	View	Delete
<input type="checkbox"/>	3	25/08/2022 10:12:56	Bill Er	<div style="width: 100%; height: 10px; background-color: #ccc; border: 1px solid #ccc; position: relative;"><div style="position: absolute; right: -10px; top: -5px; font-size: 10px; color: red;">!</div></div>	£252.00	<input type="checkbox"/>	View	
<input type="checkbox"/>	2	24/08/2022 16:07:21	Bee TwoBee	<div style="width: 100%; height: 10px; background-color: #ccc; border: 1px solid #ccc; position: relative;"><div style="position: absolute; right: -10px; top: -5px; font-size: 10px; color: red;">!</div></div>	£210.00	<input type="checkbox"/>	View	
<input type="checkbox"/>	1	24/08/2022 11:07:11	Bill Er	<div style="width: 100%; height: 10px; background-color: #ccc; border: 1px solid #ccc; position: relative;"><div style="position: absolute; right: -10px; top: -5px; font-size: 10px; color: red;">!</div></div>	£610.00	<input type="checkbox"/>	View	

Once inside the order, select the option **view transaction details**.

2. Refund

If needed, you can refund an order that you have shipped. In order to do so, you will need to navigate to the order in question by following the steps below.

Orders > View Orders > (View button)

Search Your Orders		Filter Your Orders		Order State				
<input type="text" value="Search by customer name, email address, postcode or reference"/>		<input type="text" value="Enter a SKU, product name or brand"/>		<input type="text" value="Unarchived"/>				
Existing Orders				More Filters				
<input type="checkbox"/>	ID ^v	Date ^v	Customer Name ^v	Status ^v	Total ^v	Archive	View	Delete
<input type="checkbox"/>	3	25/08/2022 10:12:56	Bill Er	<div style="width: 100%; height: 10px; background-color: #ccc; border: 1px solid #ccc;"></div> !	£252.00	<input type="checkbox"/>	View	
<input type="checkbox"/>	2	24/08/2022 16:07:21	Bee TwoBee	<div style="width: 100%; height: 10px; background-color: #ccc; border: 1px solid #ccc;"></div> !	£210.00	<input type="checkbox"/>	View	
<input type="checkbox"/>	1	24/08/2022 11:07:11	Bill Er	<div style="width: 100%; height: 10px; background-color: #ccc; border: 1px solid #ccc;"></div> !	£610.00	<input type="checkbox"/>	View	

Please enter the amount you wish to refund, add a comment if required, and click **add refund**.

Refunds

Enter any refunds to apply to the order here.

Amount ?	Comment ?
<input type="text" value="£ 100"/>	<input type="text" value="Good will"/>

[add refund](#)

Adding a refund in this section will refund the payment to the customer's payment method. You SHOULD NOT separately process the refund through your payment gateway or merchant account.

Once the refund has been done successfully you will see this reflected on the order in Shopwired.

Refund added

Products Ordered [click to edit](#)

SKU	Product	Price	Quantity	Sub Total
	Laptop	£191.67	1	£191.67
	Sub Total (exc. VAT)			£191.67
	United Kingdom: Free			£0.00
	Delivery Total (exc. VAT)			£0.00
	VAT			£38.33
	Good will			-£100.00
	Grand Total			£130.00
	Voucher Code (BILLER10)			-£10.00
	Total Discounts			-£10.00

Please note that you can do as many refund transactions upto the total order amount. You cannot refund more than the order amount,

3. Cancel

You can also cancel an order that you have not shipped yet. If the order has been shipped, you can not cancel it, but will need to make a refund. Also please note that Cancel will void the complete order: you cannot cancel part of an order.

In order to cancel the order, you will navigate to the order in question by following the steps below.

Orders > View Orders > (View button)
